

SATELLITE DISH POLICY  
revamped

Members are able to install satellite dishes under the following conditions:

- \* a letter requesting a satellite dish is submitted to the Board of Directors, the letter must include that they understand and agree to repair the unit, i.e. holes or damaged grass caused by installation
- \* installation is approved by the Board of Directors
- \* the member can not be in arrears

Installation must include:

- \* satellite must be attached to a pole
- \* wires must be tied up to avoid tripping, or damage caused by lawn mower, weed whip, etc.
- \* must be located within privacy fence area, next to fence, i.e. not in "common area" - to avoid kids, or adults from running into the pole, dish, etc. OR
- \* must be located directly next to front porch on post
- \* installation to be finalized by the maintenance committee

Approved by the Board of Directors on May 30, 2000
